English

Note:

- Standards are provided for each English Test score range except the 1–12 range. Students who score in the 1–12 range are most likely beginning to develop the knowledge and skills assessed in the other ranges.
- Updates to the Standards in 2014 include:
 - edits for consistency, concision, and clarity
 - additions to include specific skills in multiple score ranges and to emphasize specific skills
 - new titles
- Side-by-side comparisons of the 2014 ACT College and Career Readiness Standards and the 2005 ACT College Readiness Standards can be seen by selecting “View changes.” In the popup windows, each standard is identified by a [strand abbreviation](#) and number. For example, the first standard in Topic Development in Terms of Purpose and Focus (TOD) is TOD 201.

Writing Sample Prompt

<http://www.act.org/actnext/pdf/SampleWritingPrompt.pdf>

Intelligent Machines

Many of the goods and services we depend on daily are now supplied by intelligent, automated machines rather than human beings. Robots build cars and other goods on assembly lines, where once there were human workers. Many of our phone conversations are now conducted not with people but with sophisticated technologies. We can now buy goods at a variety of stores without the help of a human cashier. Automation is generally seen as a sign of progress, but what is lost when we replace humans with machines? Given the accelerating variety and prevalence of intelligent machines, it is worth examining the implications and meaning of their presence in our lives.

3 Perspectives...

<http://www.act.org/actnext/pdf/SampleWritingPrompt.pdf>

Read and carefully consider these perspectives. Each suggests a particular way of thinking about the increasing presence of intelligent machines.

Perspective One

What we lose with the replacement of people by machines is some part of our own humanity. Even our mundane daily encounters no longer require from us basic courtesy, respect, and tolerance for other people.

Perspective Two

Machines are good at low-skill, repetitive jobs, and at high-speed, extremely precise jobs. In both cases they work better than humans. This efficiency leads to a more prosperous and progressive world for everyone.

Perspective Three

Intelligent machines challenge our long-standing ideas about what humans are or can be. This is good because it pushes both humans and machines toward new, unimagined possibilities.

Essay Task...

<http://www.act.org/actnext/pdf/SampleWritingPrompt.pdf>

Essay Task

Write a unified, coherent essay in which you evaluate multiple perspectives on the increasing presence of intelligent machines. In your essay, be sure to:

- analyze and evaluate the perspectives given
- state and develop your own perspective on the issue
- explain the relationship between your perspective and those given

Your perspective may be in full agreement with any of the others, in partial agreement, or wholly different. Whatever the case, support your ideas with logical reasoning and detailed, persuasive examples.

Planning Your Essay

Your work on these prewriting pages will not be scored.

Use the space below and on the back cover to generate ideas and plan your essay. You may wish to consider the following as you think critically about the task:

Strengths and weaknesses of the three given perspectives

- What insights do they offer, and what do they fail to consider?
- Why might they be persuasive to others, or why might they fail to persuade?

Your own knowledge, experience, and values

- What is your perspective on this issue, and what are its strengths and weaknesses?
- How will you support your perspective in your essay?

ACT STUDENT SCORE REPORT

The ACT[®] Student Report

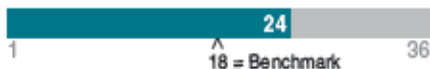

ACT, Inc.—Confidential Restricted when data present

Ann C Taylor (ACT ID: -54116290)

Wheat Ridge Sr High School (061-450) | Apr 2016 National

Composite Score **21** U.S. Rank 56% | State Rank 58%

Test Results

	Score	U.S. Rank	Scores in Relation to Benchmarks
English	24	74%	
Usage/Mechanics	12	72%	
Rhetorical Skills	12	71%	
Mathematics	19	47%	
Pre-Algebra/Elem. Algebra	11	57%	
Algebra/Coord. Geometry	10	51%

Ideas and Analysis	10		
Development and Support	08		
Organization	07		
Language Use and Conventions	08		

Composite and Subscores: ACT test scores and the Composite score range from 1 to 36; subscores range from 1 to 18. Your Composite score is the average of your scores on the four subject tests. Subscores do not necessarily add up to your score for a subject test.

ACT College Readiness Benchmarks: If your scores are at or above the ACT benchmark scores, you will likely be ready for first-year college courses.

U.S. Rank and State Rank: Your ranks tell you the approximate percentages of recent high school graduates in the U.S. and your state who took the ACT and received scores that are the same as or lower than yours.

Interpreting Your Scores: Test scores are not precise measures of your educational development. ACT scores reported are the midpoint of a score range that represents your educational development at the time you took the ACT. For example, the score range is plus or minus one point for the Composite score. You will find more information about interpreting your scores in the *Using Your ACT Results* booklet provided with this report and at www.actstudent.org.

Writing: The score ranges from 1 to 36. Writing domain scores range from 2 to 12. Domain scores do not necessarily add up to your score for the Writing test.

ELA 24 70%

STEM 19 40%

Understanding Complex Texts

Proficient

Progress Toward Career Readiness

You are making progress toward a Gold level on the ACT NCRC.

English Language Arts (ELA): An average of your English, Reading, and Writing scores. The score ranges from 1 to 36.

Science, Technology, Engineering, and Mathematics (STEM): An average of your Math and Science scores. The score ranges from 1 to 36.

Understanding Complex Texts: Measures level of proficiency on a subset of items in the Reading test assessing the ability to identify the central meaning and purposes for a range of increasingly complex texts.

Progress Toward Career Readiness: Based on your ACT Composite score, Progress Toward Career Readiness is an indicator of your potential level of achievement on the ACT National Career Readiness Certificate (ACT NCRC). The ACT NCRC is an assessment-based credential that certifies skills critical to your future education and career success.

Learn how NCRC performance relates to job skill requirements at www.act.org/workkeys/briefs/files/NCRCRequirements.pdf.

This information is not to be considered a substitute for actual performance on the ACT NCRC.

Your College Reports

At your direction, your scores from this test date are being reported to the colleges shown below. College planning information is provided for the first four choices you listed when you registered or tested. Check with colleges for recent changes in information. Note: Your GPA was calculated from the grades you reported.

College Name (Code)	Profile of Enrolled 1st-Year Students				Approximate Annual Tuition and Fees		Percentage of 1st-Year Students Receiving Financial Aid	
	ACT Composite Score	High School Class Rank	High School GPA	Preferred Program of Study Availability	In-state	Out-of-state	Need-based	Merit-based
University of Omega (9521) Omega, CO www.universityofomega.edu	Middle 50% between 18–24	Majority in top 50%	2.76	4-Yr Degree	\$5,600	\$12,000	67%	20%

ACT Online Prep – Overview

Agenda

1. Latest Updates
2. Benefits of AOP
3. AOP Setup
4. Customer Service
5. AOP Demo

Latest Updates

- All Montana public high schools will have licenses renewed for ACT Online Prep
 - Montana GEAR UP Grant
 - Available to students grades 9-12
- Writing Prompt

Benefits of AOP

- With AOP, students will have access to:
 - Practice tests with real ACT test questions
 - Practice essays for the ACT Writing Test, with real-time scoring
 - Comprehensive content review for each of the ACT's four required tests – English, Math, Reading, and Science
- They can also
 - Diagnose their skill levels in the required content areas
 - Develop a personalized Study Path

AOP Setup

- ACT provides file layout to MT OPI
- MT OPI sends completed file to ACT
- ACT provides file with login information for each school
- MT OPI to set up Test Coordinators for each school
- Test Coordinators to set up individual student accounts using student's email address

AOP Setup

- What if students don't have an email address?
 - There are free email options they can sign up for such as:
 - Gmail
 - Hotmail
 - Yahoo
 - MetNet Accounts from MT OPI
 - Student First and Last Name
 - Student Address
 - Student Phone
 - School Name

AOP Support

- Who do administrators contact if they are having trouble using AOP?
 - Angie Koehler, MT OPI 406-444-3511
- Who do students contact if they are having trouble using AOP?
 - Their school test coordinator

Brainstorm Ideas for Using AOP

- Using AOP is a great way for students to take ownership over their college preparation
- Schools and communities can help too:
 - After-school study groups at school/ Saturday study groups
 - Public libraries may be willing to host AOP events as part of their regular teen events
 - Practice in the classroom

MATH

Welcome to ACTropolis Math Marina

Beautiful Math Marina

ATTENTION: Enhancements have been made to the ACT writing test.

STUDENT: Math Overview

The screenshot shows the ACT Online Prep Math Marina interface. At the top, there's a banner with the text "Math Marina" and a "Math Route" sign. Below the banner is a navigation bar with icons for English, Math, Reading, Science, Writing, Testing Center, and MY ACTROPOLIS. The left sidebar contains a list of topics: Overview, Pre-Algebra, Elementary Algebra, Intermediate Algebra, Coordinate Geometry, Plane Geometry, Trigonometry, Sample Questions, and Test-Taking Strategies. Below the sidebar are buttons for help, main menu, and quit. The main content area is titled "Math: Pre-Algebra" and contains the text "Pre-Algebra Concepts" and "Pre-Algebra questions involve things like:" followed by a list of topics.

ACT Online Prep™

Math Route

Math Marina

English Math Reading Science Writing Testing Center MY ACTROPOLIS

Math: Pre-Algebra

Pre-Algebra Concepts

Pre-Algebra questions involve things like:

- operations using whole numbers, fractions, decimals, and integers
- numbers raised to positive integer powers, and square roots of numbers
- ratio, proportion, and percent
- multiples and factors of integers
- absolute value
- ordering numbers from least to greatest or from greatest to least
- linear equations with one variable
- simple probability and counting the number of ways something can happen
- representation and interpretation of data in charts, tables, and graphs
- simple descriptive statistics like mean, median, and mode

Math: Sample Questions

Types of Questions on the Mathematics Test

You'll find different types of questions on the ACT Mathematics Test:

- **basic math problems**, like an equation to be solved,
- **application problems**, or story problems,
- **very challenging problems**, where you need to plan an approach to solve them, and
- **related problem sets**, where a few questions all refer to the same chart, graph, or information.

At the Math Marina, there are some nice benches you can sit on while you watch the water and the boats as they enter and leave. Let's go check it out, and look at some examples of the kinds of questions on the Math Test. We'll also give you a strategy for answering each question. But remember, each question could be solved in several different ways.

Math: Sample Questions

A Basic Pre-Algebra Problem

We'll start with the type that's most familiar —the stripped-down, **basic math** problem. These usually have few words and no extra information, ask the exact question you'd expect, and the answer is usually a number. Now let's look at one easy question from two areas of math.

In Question 1 you see a basic **pre-algebra** problem and alongside it the *solution space* where we've solved the problem for you:

1. $|4 - 7| - |8 - 2| = ?$

A. -9

B. -3

C. 1

D. 3

E. 9

Solution Space

$$|4 - 7| - |8 - 2|$$

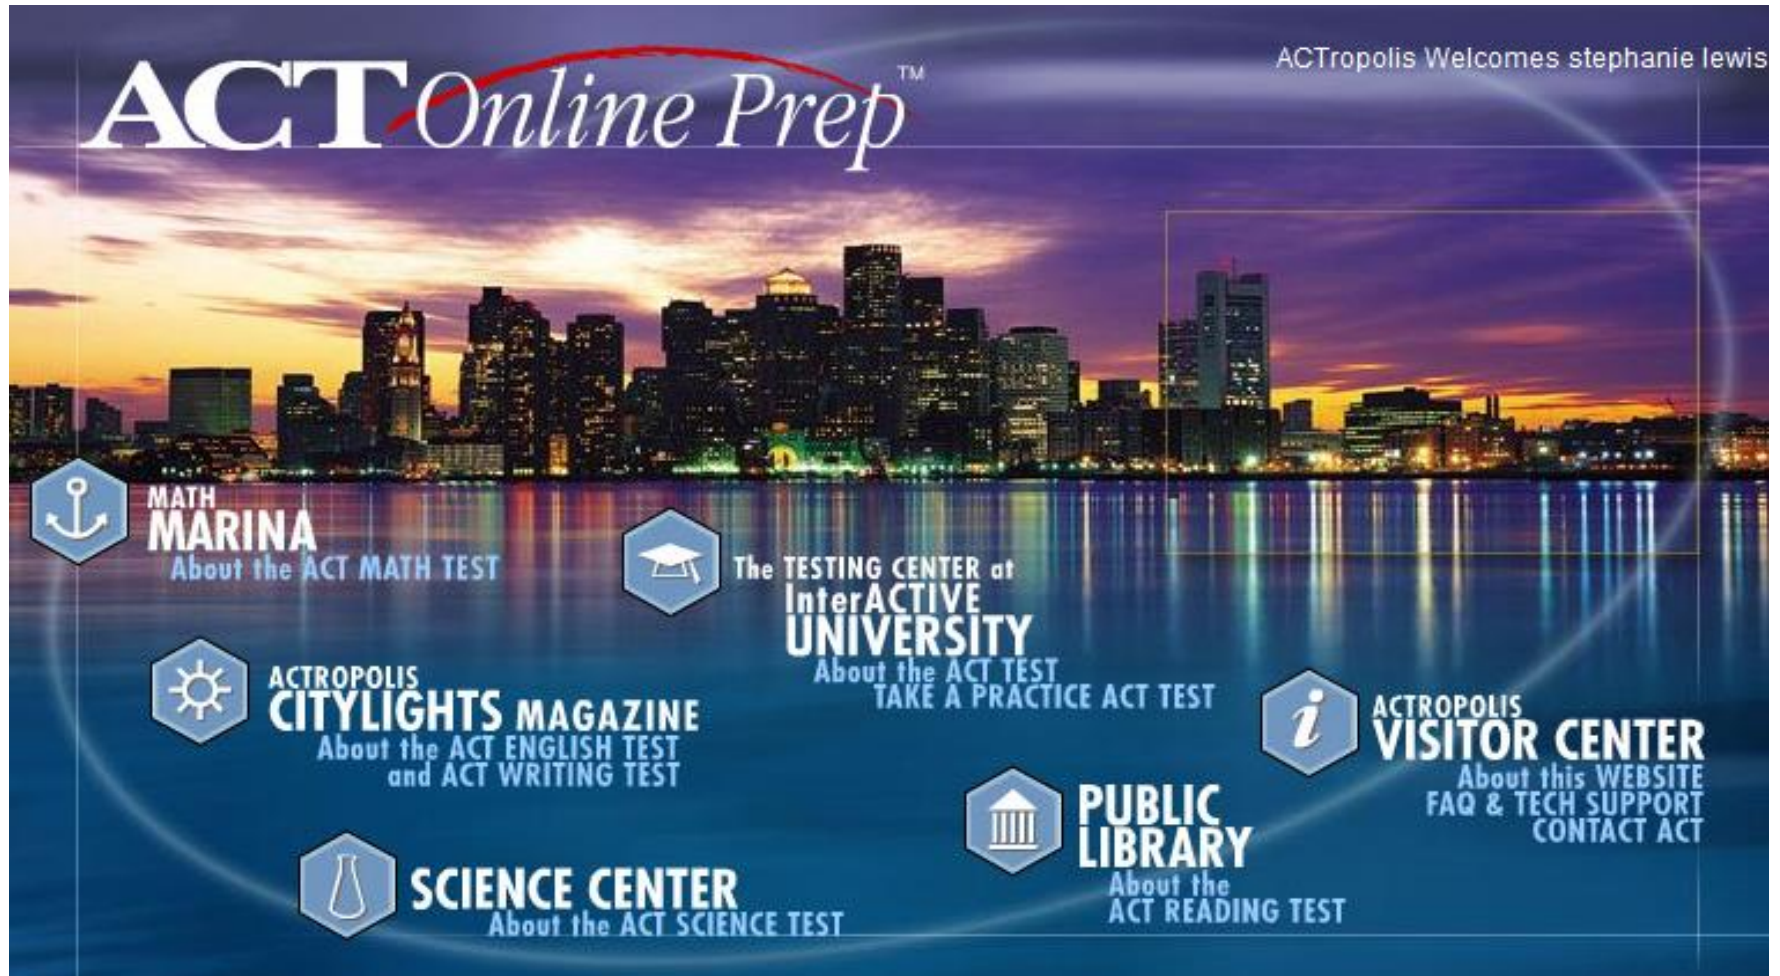

$$|-3| - |6|$$

$$3 - 6$$

$$-3$$

The correct answer, therefore, is B.

Testing Center: Take a Practice Test

The practice tests included in ACT Online Prep are just like the real ACT tests: same number of questions, same types of questions, same time limits.

Each multiple-choice practice test includes four subjects: English, math, reading, and science.

You can choose to take the practice tests included in ACT Online Prep timed or untimed. Two full multiple-choice practice tests are made available to you in ACT Online Prep.

After you've taken a practice test, you can review your answers.

What would you like to do?
